

Do you have Microsoft Dynamics NAV/BC development skills or experience? Are you interested in being part of an international company that feeds the world? If you love technology, agriculture, and hands-on work, we want you to consider joining our team as **Developer**! This is a new position for Hy-Line International and our sister company ADI Solutions. We are looking for someone who matches our vision and values AND can offer superior development skills as a key player in development projects. In this crucial role, you will work alongside genuine, hard-working professionals to fulfill our mission. We are a successful privately-held company who offers meaningful career experiences, and recognizes team members' hard work with great, creative rewards.

In this role you will be based at our West Des Moines, IA location and will serve as a developer for **Hy-Line International** and **ADI Solutions** to assist with application migrations and custom integrations, and developing and rolling out a proprietary industry-specific application critical to our operations. In this role you will have an opportunity to work on a global scale with other IT and operational leaders around the world. This is a working developer position responsible for delivering on projects goals as well as day-to-day support of development-related questions or requests.

We're seeking candidates with a computer science or related undergraduate degree who have a minimum of 3 years of hands-on development and project management experience. Ability to work in a fast-paced, dynamic, global environment is required as is working with people at all levels within the organization. Strong project and people leadership skills are a must. We strongly prefer candidates with Microsoft Business Central or NAV experience. Ability to travel internationally and/or work varying hours based on internal customer time zones is a must. We value learning and growth potential and fit as much as experience. Experience in the agriculture industry is preferred but not required.

Apply today by emailing your cover letter and resume to HR@hyline.com. We're anxious to learn more about you and share the Hy-Line story!
