

Do you want to be part of a team that continues to feed the world? If you are that person who enjoys science and likes working behind the scenes, we need you to become our newest **Research Laboratory Technician** at our **Dallas Center Campus**.

As a valued team member, you will make an impact not only within our Dallas Center Campus but also globally by enjoying the science part of our company. **If you understand DNA isolation, PCR, and like analyzing data, this could be your opportunity to be a part of our team.**

The opportunity to be in the Molecular Lab department will require you to be **detail-oriented, maintain accurate records, and work in all aspects of the lab operations.**

If the five criteria listed below is part of your resume you need to send it our way.

1. **You love science**
2. **You have a two-year college degree or equivalent specialized training**
3. **You have strong knowledge of Microsoft applications**
4. **You're seeking a stable career with a great benefit package**
5. **You're eager to make a difference in the world**

The company benefits that are offered to you, will encourage you to inquire about this position and will also show you that our company does care about their employees.

If you are willing to take the step forward to apply our leadership team will review your skills.

Hy-Line International believes in the value of diversity within our workforce and is an equal opportunity employer. Because of our commitment to the poultry industry, candidates will be required to successfully completed a pre-hire drug and background screen.

Please email your resume to [HumanResources@hyline.com](mailto:HumanResources@hyline.com).

We are excited to meet you!
