

Do you want to be part of a team that continues to feed the world? If you are that person, then join us at Hy-Line International. We are looking for a **Research Assistant** to join us at our Dallas Center Campus. If you are looking for a career in the agricultural sector, then check out our exciting opportunity.

As a valued team member, you will make an impact not only within our Dallas Center Campus but also Internationally by working at the Research Farms, maintaining data, ensuring data quality, and assisting daily technical support to your farm operations.

The opportunity to be part of the Research & Development department allows you to see our products lifecycle. To meet our goals, you will need to be flexible with work schedule, very detailed orientated, self-starter, ability to communicate with all levels of the organization, believe in the company's vision and mission, and have strong knowledge in Microsoft products and the aptitude to understand our company's internal database.

This great opportunity is for you to utilize your bachelor's degree and become a team member to support us in feeding the world. Poultry experience is strongly preferred but we are willing to train the candidate that best fits our requirements.

The company benefits that are offered to you, will encourage you to inquire about this position and we will share with you how much Hy-Line does care about their employees. Did I mention the company sign on bonus?

If you are willing to take the step forward to apply our leadership team will review your skills.

Hy-Line International believes in the value of diversity within our workforce and is an equal opportunity employer. Because of our commitment to the poultry industry, candidates will be required to successfully completed a pre-hire drug and background screen.

Please email your resume to [HumanResources@hyline.com](mailto:HumanResources@hyline.com).

We are excited to meet you!
